Subject: Quality Survey

Dear Dave

The Quality System re-survey conducted at your Frederick facility on 11/10/2003 revealed an acceptable implementation of an inspection system. The status of the survey is upgraded to Acceptable. As a result of the finding, your facility shall be eligible for orders, for Northrop Grumman Electronic Sensors and systems Sector (ESS) procurement, of RF amplifiers and Filters which requires compliance to ISO-9001 inspection system and Mil-Std-883 screening requirements.

We would like to express our appreciation for your assistance. If there are any questions in regard to this matter, please contact the undersigned.

Sincerely,

Kevin Cavanaugh
